## EXPERIENCE

### Thinkful

Student Dec 2015 - Apr 2016

Completed extended hands-on experience, working closely with a working engineer mentor to assemble and refine a portfolio of work that effectively demonstrates skill in web development.

---

### GotPrint

Quality Control Agent Mar 2012 - Present

Sole quality control agent for a production plant shipping 2,500 boxes of marketing materials per day.

- Improved production quality, as measured by a 48% (41/mo to 21/mo) reduction in customer complaints during my tenure, by training teams to meet a consistent set of standards and providing active feedback through data.
  - Taught self to use Python and SQL in order to create programs that compiled quality data over time, eliminating a biweekly four-hour report generation process.
- 

### FedEx Office

Lead Project Coordinator Jun 2008 - Feb 2012

Earned multiple promotions from retail customer service to final role as shift-leading project coordinator. Trained my team in client consultations and technical competencies.

## EDUCATION

### The University of Texas at Arlington

May 2009

Bachelor - Arts GPA: 3.75
